## Appendix 6

# Greatness of God

We learn from Verse 39:67 that God’s greatness is far beyond human comprehension—the verse states that all seven universes are “folded within God’s hand.”

Supported by the Quran’s formidable mathematical code, we are taught that our universe is the smallest and innermost of seven universes (41:12, 55:33, 67:5, & 72:8-12). Meanwhile, our scientific advances have shown us that our galaxy, the Milky Way, is 100,000 light years across, and that our universe contains a billion such galaxies and a billion trillion stars, plus countless decillions of heavenly bodies. Our universe is estimated to span distances in excess of 20,000,000,000 light years.

### Count the Stars!

If we take only a quintillion [1,000,000,000,000,000,000] of the stars and simply count them [from 0 to quintillion] one count per second, day and night, this will take 32 billion years (more than the age of the universe). That is how long it will take to just “count” them; but God “created” them. Such is the greatness of God.

We can appreciate the vastness of our universe if we imagine going on a space odyssey. When we leave the planet Earth towards the sun, at the speed of light, we reach the sun after 93,000,000 miles and 8 minutes. It will take us more than 50,000 years at the speed of light to exit our galaxy. From the outer limit of the Milky Way, our planet Earth is invisible. Not even the most powerful telescope can detect our tiny “Earth.”

We have to spend more than 2,000,000 years at the speed of light to reach our next-door galaxy. At least 10,000,000,000 years, at the speed of light, must be spent to reach the outer limit of our universe. From the outer limit of our universe, even the Milky Way is like a speck of dust in a large room.

The second universe surrounds our universe. The third universe is larger than the second, and so on. More accurately, our universe should be considered the seventh universe, surrounded by the sixth universe, which is surrounded by the fifth universe, and so on. Can you imagine the vastness of the first, outermost

universe? No number exists to describe the circumference of the first universe. This incomprehensible vastness is “within the fist of God’s hand.” From the outer limit of the outermost universe, where is the planet Earth? How significant is it? On the infinitesimal mote called Earth, such minuscule creatures as Mary, Jesus, and Muhammad lived. Yet, some people set up these powerless humans as gods!

God’s greatness is represented not only by the fact that He holds the seven universes in His hand, but also by the fact that He fully controls every atom, even subatomic components, everywhere in the greater universe (6:59, 10:61, & 34:3).

## Appendix 7

### Why Were We Created ?

We are in this world because we committed a horrendous crime, and this life is our chance to redeem ourselves, denounce our crime, and rejoin God’s kingdom.

It all began a few billion years ago when “a feud arose in the Heavenly Society” (38:69). One of the high-ranking creatures, Satan, entertained supercilious thoughts that his God-given powers qualified him to be a god besides God. He thus challenged God’s absolute authority. Not only was Satan’s idea blasphemous, it was wrong—only God, and no one else, possesses the qualifications and ability to be a god. Consequent to Satan’s blasphemy, a division occurred in the Heavenly Society, and all constituents of God’s kingdom became classified into four categories:

1. Angels: Creatures who upheld God’s absolute authority.
2. Animals: Creatures who rebelled but then accepted God’s invitation to repent.
3. Jinns: Creatures who agreed with Satan; that he is capable of being a “god.”
4. Humans: Creatures who did not make up their minds; they failed to make a firm stand with God’s absolute authority.

### The Most Merciful

The angels expected God to banish the creatures who did not uphold His absolute authority (2:30). But God is Most Merciful; He decided to give us a chance to denounce our mistake, and informed the angels that He knew what they did not know (2:30). God knew that some creatures deserved a chance to be redeemed.

If you claim the ability to fly a plane, the best way to test your claim is to give you a plane and ask you to fly it. This is precisely what God decided to do in response to Satan’s claim. God created seven vast universes, then informed the angels that He was appointing Satan as a god on the tiny mote called “Earth” (2:30). The Quranic accounts related to appointing Satan as a temporary “god” (36:60) confirm the previous scripture.

God’s plan called for creating death (67:1-2), then bringing the humans and jinns into this world. Thus, they start over without any biases, and exercise full
